

ABOUT US

Dreamz Work is a non-profit organization formed by the parents of adults with disabilities. With the strength of this group of parents, an application for a DD51 Supported Living license was made to the State of Oregon, and a journey was begun to accomplish goals that would not be possible for a single family attempting such a project alone. **Dreamz Work Inc.** is made up of these families, a volunteer board, the employee staff, and the residents themselves.

- The people living in these locations are capable of living semi-independently and performing many of their daily living tasks without direct supervision or assistance.

All of the people in supported sites have a job or organized day program which they are able to attend with minimal staff assistance.

Dreamz Work staff provide the support, instruction and oversight needed to ensure a safe, pleasant and effective home environment

Why Choose Us?

Our supported program is highly individualized and tailored to the specific needs of the individual. Therefore, some of the supported sites require and receive greater amounts of support than others. Many of our locations are close to public transportation which is used extensively by our individuals to access local shopping, recreation and community activities.
